To,

Hope and life foundation

Name of the Patient: Baby Shristi **Age:** NB

Gender: Female

Medical Diagnosis: Severe Sepsis with meningitis Acute Gastroenteritis with severe dehydration

Suggested Treatment: Prolonged NICU management with ventilatory and respiratory support for 4 weeks

Proposed date of Treatment: As Soon As Possible

This is to sincerely request your kind support for the above-mentioned child, who is critically ill and urgently needs intensive medical care. The family is unable to afford the high treatment costs, and we appeal for financial assistance to help save the baby's life. The estimated amount provided is based on the current treatment plan, though complications may lead to increased expenses. Your timely help can bring hope to this child and family in their time of need.

Estimated cost of treatment: Rs 200000/- To Rs 300000/-

Thank You
